FAQS

Q: What are the COVID-19 policies?

A: CCA will uphold and enforce all policies for gatherings as defined by Public Health Ontario and the Public Health Agency of Canada. We will continue to adhere to all policies in place on the date of the event.

LHSF requires all volunteers to complete a volunteer waiver form prior to participation. This waiver requires all LHSF volunteers have the COVID vaccine.

Q: What are the various roles I can sign up for?

A: Based on your qualifications and interests, you will be assigned to your volunteer role which may include multiple activities during your event shift. You will be notified of your assignments the week of the event, and be required to complete virtual orientation prior to the event.

Q: I already have a better impact profile, but I don't remember how to access it?

A: Visit MyImpactPage - London Health Sciences Foundation (betterimpact.com). Reset your password by going to "forgot username and password". Be sure your profile is up to date with your information including email address, phone number, t-shirt size etc.

Q: How does CCA support LHSC?

A: At CCA, the Make a Difference Appeal is an emotionally charged segment of the evening solely dedicated to raising money and awareness for a featured cause. This year, we raise our bid card for the Baker Centre for Pancreatic Cancer to help improve access to care, provide more targeted treatment options and create research opportunities that can help save lives.

Q: I'm a new volunteer and have questions!

A: Our amazing CCA volunteer coordinators are here to answer any questions you may have!

Please reach out and share any of your questions for this year's event to ccavolunteer@lhsc.on.ca
